## Experience

### Personal Projects

Software Engineer • Self-taught                                                01/2022- Present

- NIS, or NASA Image Search, is my latest project. It is being built with ReactJS and NodeJS. It utilizes several APIs provided by NASA such as the Astronomy Picture of the Day and Image and Video Search. Feel free to preview at nis.up.railway.app
- Mocks is a web app that allows you to buy/sell stock with mock, fake, money. This site is also live at mocks.up.railway.app
- I have several other projects on my portfolio/GitHub which can be viewed at brendencallahan.com and github.com/brendencallahan respectively.
- Self-taught software developer with experience building web applications and a strong foundation in computer science from completing both Harvard's CS50 and CS50 Web Dev courses.

### Manager

Kettle Korn Factory • Fruitland , Idaho                                         05/2020- 01/2023

- Managed daily operations at The Kettle Korn Factory, including production and sales of kettle korn products.
- Interacted with customers, ensuring a high level of satisfaction and building a loyal client base.
- Increased company revenue by implementing a social media marketing strategy and expanding online presence.
- Maintained inventory and pricing, streamlining processes to improve efficiency and profitability.

### Woodwind Musician

Bigfork Theater • Bigfork, Montana                                             05/2019- 05/2020

- Arranged and performed music on saxophone, clarinet, and synthesizer for four musical productions at Bigfork Little Theater.
- Contributed to the success of each production by also assisting with light and general labor tasks.
- Demonstrated versatility and musical skill, adapting to various woodwind instruments and synthesizers.
- Collaborated with a team of musicians and theater professionals to create a memorable and enjoyable experience for audience members.

## Education

### Music Performance & Composition

University of Idaho • Moscow, ID                                                05/2020
